RUSSIA AND CHINA AT ONE.

Ed Rice, Frank Crank, and Clar. Report That the Cast Would Pacilitial Products.

The intimacy of Chins and Russia has ost profound causes, says the Chautauquan. The Chinese have a very distinct feeling of their interests. Between Russia and Chinese interests there is no opposition; there is similitude. England, the United States, Ger pose upon it, by force, if need be, their minent. For three months she Mesdamos George and Tode Short merchandise. On the contrary, Russia coughed incessantly, and could not Martha Muncy and Miss Virgie and Japan seek to facilitate the exsleep. She finally discovered a Short were visiting relatives here a uets. Russia, with its railroads, will be the middleman between producing old hunters can match. He killed a deer us a bottle of Dr. King's New Discovery for Consumption, and was Smoky Valley.

Mrs. Bettle Roberts is visiting in China and consuming Europe. The Russian provinces produce nothing shot from a gun, but still the occurrence which China furnishes; they have may be ranked smorn the market was may be ranked smorn the market was shot from a gun, but still the occurrence which China furnishes; they have every advantage in being put in contact usual of hunting events, says the Kanwith the innumerable population of the | sas City Journal.

Colestial empire. which will be established between shot. He had put into his muzzle-load-China and Russia by the new rallway er, a single-barrel gun of the old patwill carry life and prosperity into the Siberian steppes. In exploting China the Russians will with the same atroke throw Siberia open to improvement; they will rapidly make it one of the greatest centers of agricultural produc-tion in the world. In the economic development of China, Russia has nothing to lose and everything to gain.

MY UNCLE AND MY AUNT. An Ingenious French Writer Explain

a Facetions Expression That Is Very Common.

An ingenious French writer has been explaining to a curious world why the pawn-broking establishments are called "my aunt" (ma tante), says the London News. Prince de Joinville, son of Bigging for Fish. noticed that the prince was not wearing dry banks of the Vergel river for fish, a splendid gold watch that had been which they dig out by hundreds, just as the mont-de-piete. But then, it may be saked how it comes about that the pawnbroker in England is facetiously apoken of as "uncle" because the French aay "aunt." Here in England everything goes by contraries. The French an drives on the right, the Eng hab on the left; the French soldier has red trousers, the English soldier a red cost; the Frenchman eats an oyster out of the hollow half of the shell, the Englishman out of the flat half: the French epicure drinks champague after dinner, the English spicure during din-ner, and so forth. It is all a case of pure

A Mixed Race. Not all Americans are Anglo-Saxon Even in the south, where the propor tion of people drawn from that source greatest, there are strong infusion of French, Irish and Scotch-Irish blood In the west are extensive German, Iriah and Scandinavian populations, in the eset a vast Irish population, a large Ca-nadian French element and an immense number of Germans. Even what is called the Anglo-Saxon atock is mixed with Dutch, Huguenot and Scottish contributions. When this country has fighting to do she does not look to one race among her people, but to all, and her foreign relations cannot be planted on the affinities of Anglo-Americans or any other ethnic element.
